

HELPFUL RESOURCES

SPEECH & LANGUAGE

WEBINARS

Being the Bridge: Building Language While You Wait (Birth-2.5 years)

This e-learning course was created to provide parents with information on the role of attachment and routines in language development, insight into how communication develops from birth, as well as practical strategies to promote your child's understanding and use of language at home.

Power of Play: Creating Opportunities for Speech and Language Development (2.5 to 4 years)

This e-learning course was created to provide parents with information on how play skills and peer interaction skills develop, the link between pretend play, cognitive, and language development, and practical strategies for promoting your child's understanding and use of language within playful activities at home.

First Words Preschool Speech & Language Program

This e-learning course was created to provide parents with information on how play skills and peer interaction skills develop, the link between pretend play, cognitive, and language development, and practical strategies for promoting your child's understanding and use of language within playful activities at home.
